NEWS/NEWYDDION: Carmarthen Harriers Athletics Club will be launching a new Club Website this month, having teamed up with Tinint based in Llanelli...

We are pleased to announce that a New Carmarthen Harriers Athletics Club Club Website will be launching very soon on Monday 22nd July 2019.

We've teamed up with Tinint who are part of the Tinopolis Group in Llanelli to design a new website which will also be more mobile friendly on smart phone.

All your latest fixtures, news, results and other content from the club, West Wales, Welsh Athletics and Schools that you need to know will feature when the new website goes live. Different to the current one, it will be easier to read such as to the track, cross country, mountain and road running upcoming fixtures with filters or finding the results link in order of month. News items will be located on its own page with the recent story at the top going down the list.

If you're a new member looking to join or to ask questions, there will be a contact us page.

A brand new feature that is set to be added and trialled is an opportunity for you to use online payment / direct debit, such as for membership annually/monthly, training fees and vests.

Please bear with us in the first few weeks in July and August as we complete this exciting transition and get things underway.
